Experience

Log Scaler 2018 – 2024
Pacific Log Scaling Bureau

- Scale logs by identifying species, measuring dimensions, calculating deductions, and maintaining records of all inventory.
- Facilitate truck ramp operations in all weather, while being responsible for logs of federal, state, and private property.
- Operate and manage a state-inspected weigh-scale for trucks, communicate with both the employees and the public, and complete and submit all necessary paperwork.

Special Operations Combat Medic 2007 – 2012
US Army, 2/75 Ranger Battalion

- Deployed to Afghanistan three times and participated in over 200 night operations as a combat medic in austere and hostile environments.
- Responsible for treating traumatic injuries under fire, high-risk patient transport, routine clinical care for a Ranger platoon, and updating and maintaining medical records.
- Awards include: Purple Heart Medal, Joint Service Commendation Medal, Combat Medic Badge, and Parachutist Badge.

Skills

- Proficient in all computer apps and all mobile phone apps including MS Office and Linux
- Spanish language (intermediate)
- Proficient in field operations
